PROFESSIONAL SUMMARY

B.Tech Information Technology student (graduating 2027) aspiring to work as a Web Developer. Strong in HTML5, CSS3 and JavaScript, with hands-on experience building responsive web applications and a full-stack support system using Node.js, Express.js, MongoDB and REST APIs. Comfortable with Git/GitHub, testing APIs with Postman, and working through the full development cycle - planning, coding, testing. Quick learner who enjoys solving problems and working in a team.

TECHNICAL SKILLS

Front-End: HTML5, CSS3, JavaScript, React, Tailwind CSS, Responsive Design

Back-End: Node.js, Express.js, Django REST Framework, REST APIs, JWT Authentication

Languages: JavaScript, Java, Python, C, SQL

Database: MongoDB, SQL, DBMS

Tools: Git, GitHub, VS Code, Postman, Figma, Canva

Soft Skills: Communication, Teamwork, Problem Solving, Time Management, Adaptability

PROJECTS

FixDesk - Customer Support Management System | Node.js, Express.js, MongoDB, JWT, REST API

- Built a support system where customers raise tickets and technicians resolve them; also handles users, feedback and notifications.
- Added login with JWT authentication and role-based access, so each role (user and technician) sees only what it is allowed to.
- Created REST APIs and tested them using Postman; managed the code on GitHub.

College Website - Arts and Science College | React, Vite, Tailwind CSS, Django REST, JWT

- Built a full-stack college website: React + Tailwind CSS on the front end and Django REST Framework APIs on the back end.
- Added JWT login and separate dashboards for each role, so every user sees only their own pages.

Task Management System | Java, HTML5, CSS3, JavaScript, SQL

2026

- Built a web app to create, assign, prioritize and track tasks (To-Do, In Progress, Completed) with due dates and category filters.
- Designed the SQL database for users, tasks and status history and connected it to the front end.

SmartPOS - Billing and Inventory Management System | HTML, CSS, JavaScript

- Built a billing and inventory web app with modules for billing, product stock and sales tracking, using a simple and easy-to-use interface.

E-Commerce Website | HTML5, CSS3, JavaScript

2026

- Built a responsive shopping website with product listings, category navigation and an interactive shopping interface.

Personal Portfolio Website | HTML5, CSS3, JavaScript

2025

- Designed a fully responsive portfolio site to show my projects, skills and contact details, with interactive JavaScript elements.

INTERNSHIP

Google AI-ML Virtual Internship - AICTE / EduSkills

- Completed AI and Machine Learning fundamentals through assignments and practical assessments on guided real-world use cases.

EDUCATION

B.Tech - Information Technology

2023 - 2027

Sri Shanmugha College of Engineering and Technology, Pullipalayam | CGPA: 7.8

Higher Secondary Certificate (HSC)

2022 - 2023

Government HR Secondary School, Ulagampalayam, Namakkal | Percentage: 70%

CERTIFICATIONS

- AICTE - Google AI-ML Virtual Internship
- Software Project Management - NPTEL
- AR/VR Workshop - Participation Certificate

LANGUAGES

- Tamil, English
